Declaration on the determination of the gross mass
(Verified Gross Mass - VGM)

Hereby I declare to ITG Air & Sea GmbH, that all the information is complete and accurate. The determination of the gross mass (VGM) of the following container was performed in accordance with SOLAS regulations, which were published by the Maritime Safety Committee (MSC) of the International Maritime Organization (IMO) on 9 June 2014 in the MSC.1/Circ.1475.

Proof of the admissibility of the method and/or the weighing system used, or certification is available and will be provided on request without delay.

Order / Transport Reference:	
Container number:	
Seal number: (if available)	
Date of weighing / loading:	
Place and country of weighing / loading:	

The confirmed gross mass (VGM) within the meaning of the above-mentioned SOLAS Convention, chapter VI, part A, rule 2, of the above-mentioned container is: _____ kgs.

The confirmed gross mass (VGM) was determined by (*):

- Weighing of the loaded and sealed container (**Method 1**)
 - The weighing system used must meet the tolerance limits and the accuracy classes as set out in the containers country of weighing/-loading.

- Weighing of all individual packages + cargo items (incl. pallets, storage materials and other packaging & safety materials) as well as adding the weight (tare) of the container to a total (**Method 2**)
 - Using method 2 to determine the gross mass in the sense of the above-mentioned SOLAS guidelines, must be approved and certified by the container's country of weighing/-loading.

Name of the authorized person (indicate in block letters) Company of the authorized person (if different from above mentioned company)
